---

Hello and welcome to the 11th edition of the COC Newsflash in December 2021! For all of us in COC and EATA, a turbulent year 2021 comes to an end. Looking back, we have managed to switch to digital CTA exams due to corona and have at least made online TOE exams possible for the PTSTAs. We would like to take this opportunity to thank everyone who supported us in this endeavor!

---

## Reminder: no pre-registration for TSTA exams

The pre-registration process for PTSTAs to take TSTA exam has been cancelled in 2019. Please do not use the pre-registration form anymore! Forms no. 12.11.3b and no. 12.11.5 are the relevant registration forms.

We are very fortunate that so many people, past and present, are committed to the work of COC and help to ensure that we can provide high quality TA examinations in EATA.

## Urgent call for Exam Supervisors

In order to provide more exam opportunities for CTA and TSTA exam candidates, we look for people who are willing to play the role of Exam Supervisors and organize additional online or onsite exams in 2022.

Please contact our Supervising Examiner, Sabine Blumenstein:  
[coc.supervising.examiner@eatanews.org](mailto:coc.supervising.examiner@eatanews.org)

## Cancellation exams in Bucharest

Due to Covid, exams in Bucharest in February 2022, unfortunately had to be cancelled! The candidates will be considered for other exam sites or dates in 2022.

## New faces in COC

We are happy to welcome Valerie Cionca, Bernard Gentelet, Nicole Lenner and Tin Vanderhoeven as new delegates in COC. We met in Roesrath for an initial teambuilding and are looking forward to working together!

We met in Roesrath for an initial teambuilding and are looking forward to working together!
