First EATA Online CTA Examinations

COC would like to recognise and thank Nicole Lenner (formerly Kabisch) and Mayke Wagner-Froböse for their work as Online Exam Supervisors in managing the first EATA online CTA Exams.
All candidates passed – congratulations!

*Picture taken during our online celebration.
The participants have all given their consent for the photo to be published.

Question & Answer session for Online Examinations

In addition to the Q&A sessions this week, Sabine Blumenstein, our Supervising Examiner, will be running another round of Q&A sessions in the first week of March to answer your questions concerning Online Examinations. These sessions are not related to concrete exam dates but offer an opportunity for candidates, examiners, and principal supervisors to make themselves familiar with Online Examinations in general:

March 1st, 2021 at 6 o'clock pm (Paris Time) for potential candidates

March 2nd, 2021 at 6 o'clock pm (Paris Time) for potential examiners

March 3rd, 2021 at 6 o'clock pm (Paris Time) for principal supervisor

The zoom invitation to these sessions will again be sent out by the EATA office.

COC support for more Online Examination opportunities

COC would like to encourage associations, local exam supervisors and interested people to offer more Online Examinations. We will provide support and share our learnings.

... **and for those who organise EATA exams:** As we need to make sure that the 'Call for Examiners' is published on the EATA website and distributed by EATA office via email, please send it to the Chair of COC, Christine Chevalier. She is our direct link to the webmaster and to EATA office and makes sure that the 'Call for Examiners' is made available to all associations.
