Hello and welcome to the COC Newsflash! We hope you are all well.

Important information regarding online exams: we successfully organised four online CTA exams!
We wish to thank all volunteers who offered their time and energy to enable online exams!

New Online Exam Supervisor (OES) role

In recognition of considerable differences between organising exams at a venue and online, the new role of Online Exam Supervisor – OES has been created.

COC is looking for...

... Online Exam Supervisors for bilingual online exams (French-English and Italian-English).

Please offer to run bilingual online exams and get in touch with Sabine Blumenstein: coc.supervising.examiner@eatanews.org

Comme nous avons des candidats aux examens du CTA qui souhaitent être examinés en français ou en italien, nous recherchons des Superviseurs d'Examens En ligne pour des examens en ligne bilingues (français-anglais et italien-anglais). Parlez-vous l'une de ces langues et, si oui, envisageriez-vous d'offrir votre temps pour organiser des examens en ligne bilingues ?

Au cours des derniers mois, nous avons acquis beaucoup de connaissances et d'expérience qui vous seront transmises et vous serez assisté par notre Superviseur d'Examen. Veuillez prendre contact avec Sabine Blumenstein via le bureau de l'EATA!

Poiché abbiamo candidati agli esami CTA che desiderano essere esaminati in italiano o francese, stiamo cercando Supervisore degli Esami Online per esami online bilingue (italiano-inglese e francese-inglese). Parla una di queste lingue e, se è così, consideri di offrire il suo tempo per condurre esami online bilingue?

Negli ultimi mesi, abbiamo acquisito molta esperienza e conoscenza che vi sarà fornita e sarete supportati dal nostro Supervisore degli Esaminatori. Si prega di mettersi in contatto con Sabine Blumenstein attraverso l'ufficio dell'EATA!

Switching from venue-based exams to online exams

When the LES and COC's Supervising Examiner decide to run exams online an OES will be appointed. It is possible the LES switches to OES role.

Update on the possibility of Online TSTA Exams

During March, an evaluated TSTA Mock Online Exam took place. Based on the recording, a team of evaluators put together by PTSC (Professional Training Standards Committee) will give recommendations to PTSC and EATA Executive Committee; these will then decide on whether TSTA exams or at least parts of TSTA exams can be held online or not.

We will notify you further as soon as a decision has been made.
